

Schilling-Douglas School of Hair Design

HEERF II Quarterly Report

Report Period: 01/01/2021 – 03/30/2021

1. The Schilling-Douglas School of Hair Design has signed and returned the Certification and Agreement form & the assurance that the institution has used, or intends to use, no less than the required amount of funds received to provide HEERF II grants to students.
2. The total amount of funds that the institution will receive or has received from the Department of Education: \$101,585.00
3. The total amount of HEERF II grants distributed to students during the report period: \$33,293.00
4. The total number of students who have received a HEERF II grant during the report period: 15
5. HEERF II funds are awarded to students who meet the eligibility requirements and are based on the information they submitted on their completed application. In order to take into account exceptional need, award caps per student are based on the student's EFC (expected family contribution). Each application was assessed on the funding categories identified and the students need level. The school reviewed the responses provided by the student and the students file to determine eligibility and award amount. Awards are based on the student requested amount but are capped by category, the applicant's level of need and in total by the students EFC. Though students are required to affirm that these costs are accurate and related to COVID-19, we do reserve the right to deny requests that appear inaccurately high or false.
6. All instructions, directions, or guidance provided by the institution to students concerning HEERF II grants can be found at <https://schillingdouglas.edu/crrsaa-heerfii/>
